ULTRA-BRIGHT WORKLIGHT

WATER RESISTANT

SLICK AUDIO & PLAYBACK CONTROLS

- Strong magnetic bases can be found on the underside of the speaker, as well as on one end
- Get your music going anywhere in the workshop with this long range bluetooth 5.0 connection
- Conveniently charge your other devices (such as your mobile phone) using a USB 2.0 port
- Perfect for the workshop, under-bonnet or camping
- IP65 Water & dust resistance provides a dust tight unit that also resists water from all angles.
